To Whom It May Concern,

I am David Thomas, Family Pastor at New Life Worship Center. I have been in full time ministry for 45 years. During this time we have been with a lot of different types of ministers. I would say that Dr. Sandra Clifton is one of the most anointed speakers that I have seen. She brings a fresh understanding of the problems the church is facing today.

With the years of experience she has had, she is able to relate to the needs of the hour. You will be blessed to have her minister to your church, convention or group. She speaks with authority and knowledge.

Yours For Souls,
David O. Thomas

JOYCE MOW
OK EASTERN AREA AGLOW
VICE PRESIDENT OF LEADERSHIP TRAINING

To Whom It May Concern:

Eastern Oklahoma Area Team of Aglow International recently invited Sandra Clifton to be our retreat speaker.

I recommend her to other interested groups as an extremely sensitive woman of God whose desire is to minister the love of Jesus to the world.

Her testimony was given with honesty concerning the circumstances that led her into deception. In every way she gives glory to God for His delivering power.

Perhaps most significant was the unselfish love and patience she demonstrated to each woman who came forward with questions and needs for prayer. In spite of personal challenges and a very hectic schedule, she brought the presence of the Lord into each meeting. We were in awe of the manifestation of the liberty and joy of the Lord demonstrated during her session on "Spiritual Warfare".

Sincerely,

Joyce Mow

To Whom It May Concern:

Dr. Sandra Clifton was the featured speaker for our 2009 Oklahoma Eastern Area Spring Retreat. As a member of the Area Team who hosted this retreat, I can highly recommend Dr. Clifton to other interested groups or to church leadership as an interesting, able minister. She is sensitive to the moving of the Spirit and to the people present. She certainly represented our Lord in her Christ-like humility, unselfish love and willingness to minister to anyone present who had needs or questions.

She gives God glory for her deliverance from the trap of New Age beliefs and practices that once held her in bondage. During one session, she opened the floor to questions regarding that topic. It was informative and relevant for those wishing to reach those ensnared by false beliefs.

What truly impressed me, was that she and her husband rose at 3:00 A.M. for months prior to our meeting to pray for our retreat. The presence of the Lord was manifest and tangible in our midst. I believe it was directly related to their prevailing prayer.

I happily recommend her to you for any occasion.

Sincerely,

Karen Barry

OK Eastern Area Aglow President
